February 9, 2021

Dear Parents,

Thank you for making one of the best decisions you can make as a parent - choosing Assumption High School for your daughter! We recognize the investment you are making in your daughter's future, and we promise to be good stewards of this investment. These next four years will go by quickly. Together, we will ensure that when your daughter graduates, she will be ready for college and career, service and leadership, and the many opportunities she will have for achieving her goals.

One of my roles as president is to administer the budget and work with our board of directors to meet the fiduciary responsibilities of operating our school. The Assumption Board of Directors has set **tuition for the 2021-2022 school year at \$14,550** (which includes your daughter's Tablet PC) for those who pay in full by July 1, 2021. We also offer a sister discount of \$500 for families with more than one daughter enrolled, which will be applied to the second daughter's account.

We continue to use an electronic system which allows you to enter your student's information, select your payment option, and pay the registration fee of \$225 securely online. Completing this form and paying the registration fee is the important first step in the registration process. Please complete the registration form, tuition selection form, and pay the \$225 fee by following technology instructions enclosed in this letter.

Also, please note that **financial aid applications can be found on our website under Admissions and are due February 28, 2021 to FACTS**. If you have any questions regarding tuition, tuition payment plans, or financial aid, please contact our Finance Office at 502-271-2513.

In addition, Assumption offers numerous scholarship opportunities. Information on 2021-2022 scholarships can be found on our website under Admissions. **Scholarship Applications are due by 4:00 p.m. on March 2, 2021**. If you have any questions regarding scholarship applications, please contact our Advancement Office at 502-271-2511.

All of us at AHS recognize the sacrifices our families make to send their daughters to Assumption. Our priorities in setting tuition include investing in our exceptional faculty and staff, enhancing our superior academic program, and maintaining our technological edge. Additionally, AHS will allocate more resources to our financial aid program than ever before to support families in need for the coming year. I will add that tuition covers only part of the actual cost of educating your daughter. The difference is met through fundraising and the generosity of our donors.

I personally want to thank you for choosing Assumption. We are committed to providing your daughter not only an exceptional education but also outstanding opportunities for growth and development - academically, personally, and spiritually. I wish you many blessings in the weeks and months ahead as your daughter prepares to begin her high school career. We are so happy that you and she will be part of the Assumption family.

Sincerely,

Mary Lang
President
